The thieves’ take

now encompasses a view
where all get blamed. Wit-

ness Tony, all-round helper
in machine shop, who cadged

a bungalow for twice its worth,
courtesy of a mortgage which
gets paid off when he's drool-

ing towards his shriveled
dick in a convalescent home.

So too bad we don't have Hitler
to really stick it to him.
But he'd have to be a Jew.
